2. Partial Withdrawal Details

If you wish to withdraw in part only some of the stocks currently subject to the caveat on the Quota Register please complete the table on this page. Please note you must complete all columns of the table.

If you are withdrawing in part more stocks than can fit on the table provided, please continue on a photocopy of the table.

Caveat Number
This is the reference number of the existing caveat being withdrawn. This number is contained in the original registration notice for the caveat, or is available from FishSense.

Stock Code
This is the stock code of the stock that is cavaeted. The stock code that is specified must match the caveat number against which it is registered.

Account
This is the account where the quota shares are held by the quota owner. Please refer to your quota holdings summary for details of your accounts.

Quota Share Type
This is the type of shares that you wish to withdraw. You may select either provisional individual transferable quota (PITQ) or individual transferable quota (ITQ) shares for the stock. If you wish to withdraw both PITQ and ITQ shares for the same stock, please record as two separate caveats on two separate lines

Current Amount
This is the amount of Quota that is currently cavaeted on the Quota Register, prior to this application.

New Amount
This is the amount of Quota you wish to remain cavaeted after registration of this application. Upon registration, the difference between the Current Amount and the New Amount will be withdrawn. If you wish to withdraw a caveat wholly from a stock, specify '0' in the New Amount column. Please note you can not increase the amount cavaeted.
